## Frequently Asked Questions

**Do you accept insurance?**

No. These evaluations are private pay only. Clients may request a superbill to submit to their insurance for possible out-of-network reimbursement.

**How long does the evaluation process take?**

Most evaluations are completed within 4–6 weeks depending on scheduling and record review.

**What is the difference between the three evaluations?**

Psycho-diagnostic evaluations clarify mental health diagnoses, while psycho-educational evaluations assess cognitive and academic functioning for school accommodations, and the comprehensive evaluation with consultation adds more collaboration with the school or other providers.

**Will the report support school accommodations?**

Comprehensive psycho-educational evaluations provide documentation that can support IEPs, 504 plans, and testing accommodations.

## Types of Evaluations We Offer

**1. Psycho-Diagnostic Evaluations**

These evaluations help clarify mental health diagnoses such as:

- ADHD
- Anxiety disorders
- Mood disorders
- Behavioral or emotional concerns

They are often recommended when families need diagnostic clarity and treatment guidance.

**Fee:** \$3,200–\$3,500

**Professional time:** approximately 13–18 hours

**3. Comprehensive Psycho-Educational Evaluations + School Consultation**

Includes all services from the #2 comprehensive psychological assessment, but also includes:

- School consultation call
- Therapist coordination

**Fee:** \$5,200–\$6,000

**Professional time:** approximately 21–24 hours

**2. Comprehensive Psycho-Educational Evaluations**

These assessments examine cognitive abilities, academic skills, and attention to determine whether a student may have a learning disability or ADHD affecting school performance. These evaluations can support documentation for:

- IEP eligibility
- 504 plans
- College accommodations
- Standardized testing accommodations (SAT/ACT)

**Fee:** \$4,500

**Professional time:** approximately 18–20 hours
